5,000 MILES FROM HOME:

How World War II Transformed Chicago's Italian Community

THEY WENT OFF TO SAVE THE WORLD ... THEN CAME HOME TO TRANSFORM THE WORLD THEY GREW UP IN.

They grew up in the neighborhoods of Chicago, speaking Italian at home, learning English at school and hanging out with friends of all backgrounds. Then the war came along and turned their world upside down.

"5,000 Miles From Home" tells the riveting tale of how an entire generation of Italian boys became American men in the crucible of World War II. When you trade pasta and stickball for k-rations and a M1 rifle, something's got to give.
